

OAKLANDS PRIMARY ACADEMY – PSHE AND RHE PROGRESSION MAP

OUR CORE VALUES

We want all of our children to BE...

<i>Resilient</i>	<i>Respectful</i>	<i>Resourceful</i>	<i>Responsible</i>	<i>Risk-taking</i>
------------------	-------------------	--------------------	--------------------	--------------------

CULTURAL CAPITAL

Oaklands Primary Academy is committed to ensuring all of our pupils are equipped with the knowledge and cultural capital they need to succeed in life. Our curriculum and provision ensure that all our pupils acquire the essential knowledge they need to be educated citizens. We ensure that we are introducing them to the best that has been thought and said, and it is our mission to engender an appreciation of human creativity and achievement. We want all of our pupils to leave Oaklands, by the end of KS2, with aspirational goals for their future, without any limitations.

We have carefully considered four domains for promoting and improving each child's level of cultural capital, based on research by Bourdieu (1986). We believe that the more cultural capital a child has, the more likely they are to succeed in life and reach their potential.

KNOWLEDGE (what we know)	SKILLS (what we do)	APPRECIATION (what we value)	ASPIRATION (who we want to be)
------------------------------------	-------------------------------	--	--

INTENT	IMPLEMENTATION	IMPACT
The PSHE and RHE curriculum at Oaklands Primary Academy provides values-based, progressive content that promotes positive behaviour, mental health, wellbeing, resilience and achievement. Research shows that there is a link between a pupil's wellbeing and positive mental health and academic achievement. Therefore, in order for our children to learn and be well, they need to have good mental health, resilience and the ability to keep themselves safe.	PSHE is taught both in discrete weekly sessions from EYFS to Year 6 including our Additionally Resources Provision. However, we are so passionate about the vital role that PSHE plays in supporting our pupils, our school ethos and culture is intrinsically linked to key PSHE principles. We ensure that taught content is fully aligned to the PSHE Association Framework in order to provide our children with a comprehensive and externally ratified coverage. <u>SCARF (Coram Education)</u> Our PSHE coverage uses SCARF as starting point to build upon. The programme aligns fully with	Our curriculum ensures that all our children become engaged, active and responsible citizens who recognise and value their contribution to society. They gain a perspective of themselves as both local and global citizens. Our school values and PSHE programme are vital in promoting happiness and well-being so that our children can excel in all aspects of school life and indeed life in general. Through our curriculum, we believe we are preparing our children for the next stage in their education as well as preparing them ultimately for the adult world.

<p>Through our PSHE curriculum, we aim to equip children with these attributes and the skills to implement them in different contexts.</p> <p>At Oaklands Academy, we believe personal, social, health and economic (PSHE) education is a vital and important part of our children's education. The staff work collaboratively and as role models to help our children develop into confident, happy, successful and resilient young people. Throughout, we aim to equip our children with a sound understanding of risk and with the knowledge and skills to make safe and informed decisions. We want our children to acquire and develop knowledge and understanding of the world around them in order to help them develop as young citizen. In an ever-changing world, it is important that the children are aware, to an appropriate level, of different elements that will affect their world and the people in it. They need to learn how to deal with these so that they have good physical and mental health. PSHE plays an important role in promoting Spiritual, Moral, Social and Cultural (SMSC) Education, incorporating British Values, which is implicit in the school ethos and is planned into all aspects of the curriculum.</p>	<p>Oaklands Academy's ethos of promoting wellbeing and an understanding of mental health and therefore provides a strong foundation for our curriculum. The curriculum is broken down into six strands;</p> <ol style="list-style-type: none"> 1. Me and my relationships 2. Valuing difference 3. Keeping myself safe 4. Rights and responsibilities 5. Being my best 6. Growing and changing <p>Our ARP follows the same units. The lesson content is differentiated based on cognitive ability and the needs of the children.</p> <p>Children explore these strands year-on-year, building a toolkit of strategies and knowledge which they apply in scenario-based lessons, giving them the opportunity to ask questions and practise the skills in a safe and caring environment.</p> <p>From September 2020, Relationship Education became be a compulsory subject in all primary schools. At Oaklands Academy, we already have the building blocks in place, as promoting respectful relationships, focusing on families and friendships is already an integral part of our curriculum, as is understanding how to be healthy.</p>	<p>It is evident when walking through the school that the development of the whole child is central to the work that we do – children are well-cared for and the development of personal, social, emotional and health needs is a strength. Children at Oaklands Primary Academy are able to talk confidently about how to keep themselves safe both in and around school as well as online. They care for each other, accept differences and support their peers in a way that demonstrates that their core values match those of the school's and staff.</p> <p>As children progress through the school, their ability to articulate their feelings and Early Warning Signs develops. Children at Oaklands Primary Academy are reflective and articulate when discussing their emotions.</p> <p>Using scenarios within their learning means that children can apply transferrable skills, preparing them to meet unknown situations with confidence. Where additional support is required to develop any area within a child's personal, social, emotional or health needs, intervention is swift and effective.</p>
